RFL is a member of the Ohio Literacy Network, ProLiteracy and Hancock Literacy.
Each student is given books to work in that are matched to his/her own needs and abilities.
It is estimated that adult students reading scores improve approximately 1 grade level with 35 to 45 hours of tutoring.

OUR PROCESS
The Read for Life process for matching learners and tutors is very simple.

1. Potential learners are asked to take a brief assessment with the Read for Life Administrator.
2. The Administrator will match the learner with a tutor and all three will meet.
3. Once the tutor and learner are matched, they will decide a schedule, meeting place and what books they will use.
